December 28, 2009

Dear Conservative,

Merry Christmas and a happy and prosperous New Year. We can all be proud of the Conservative Party, both locally and nationally.

As your Conservative Candidate for the next federal election, I am accountable to you. Below is an update of what I have done since being nominated on November 7, 2009. I will also provide more details when I speak at the EDA AGM on Sunday, January 17, 2010.

The quality of the Campaign Team has a direct correlation to the success of the Campaign. I am delighted to report that we have that quality team consisting of experienced leaders who will ensure we will be able to execute our winning Strategic Plan. They are:

| | | | |
|------------------------|----------------------|----------------|----------------|
| Campaign Chairman | Ian Pyper | Official Agent | John MacKenzie |
| Campaign Manager | Bill Donaldson | EDA Liaison | Kathie Csomany |
| Communications Manager | Allan Singleton-Wood | Fundraising | Joan Peggs |
| Research | Rita Haehnlein | | |

They are supported by many more volunteers who also bring talent, expertise, and a desire to win to the campaign team. There are still some key positions that need to be filled, so please give me a call if you or someone you know would be willing to take on a task.

I have met with several community leaders in key organizations such as the Chamber of Commerce, VIATeC, Greater Victoria Development Agency to name a few, and I have attended a few dozen events where I've had a chance to meet voters. My thanks to those of you who invited me to functions in their community. I really enjoy the opportunity to meet people and to let them know I'll be their Conservative Candidate in the next federal election. Please keep those invitations coming, as it is essential that I meet as many potential voters as possible before the campaign starts. It is very effective being introduced by a fellow Conservative.

In the New Year, I will implement a strategy to door knock in each of the polls. It is crucial that I know firsthand what is on the minds of the people of Victoria, and that they get to know me.

My key policy items of creating wealth, sustainable jobs, and an environment that will attract investment to Victoria are being well received. These local issues are a big part of our winning strategy, as well as building on a strong national campaign.

I appeared briefly on CHEK TV, CFX Radio, and as a line item in the local paper, but with the election fever now abated, I need to work harder on becoming newsworthy and getting reported on.

Your advice, criticism, and support are solicited and valued. I ask that you invite your family, friends and neighbours to
